wildly fun, interactive learning

A Single Registration Lets One Camper Attend or the Whole Household

- Camps are geared towards interacting with 5-10 year olds but other family members can watch.
- One registration allows the children that live in your household to join for that day (adults can join too).

Interacting Online

- Live and interactive online learning guided by Zoo staff from 9:30-11:30am.
- A day may include activities such as a guided tour of Zoo exhibits, classroom activities and more!
- Screen time combined with the chance to get up and move! Each day allows for an opportunity to be active.

Fun on Your Own at Home

- Special “no-screen time” activities will be provided for campers to do with their family on their own time. The activities are a fun and easy going way for self-directed learning.

Plus, each day of camp provides:

- Small class sizes so the group can talk to one another.
- Exciting animal encounters.
- The chance to interact with Zoo staff.

Register for one day or join them all.

You can select what fits your schedule the best!
